Don't miss the FIRST Conrad Challenge Junior Hackathon on September 25 - 26, 2021!

With the 2021-22 Conrad Challenge season now open, we are excited to expand our reach with our first [Conrad Challenge Junior Hackathon](#) for middle school students (*ages 10-14, located in the United States*).

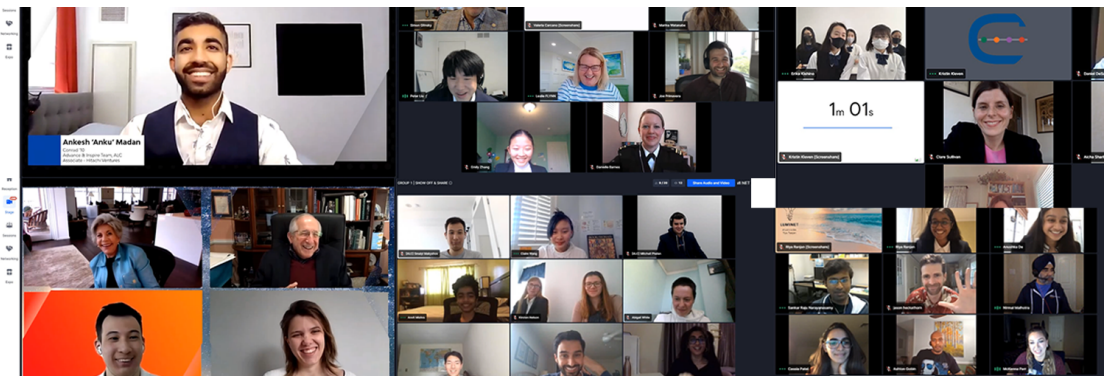

This is separate from the 2021-22 Conrad Challenge, so share the news with your younger students, siblings and friends who enjoy collaborating, all in the name of innovation!

Brought to you by the [Conrad Challenge Alumni Leadership Council](#) (ALC), our Junior Hackathon is a **FREE two-day virtual event** that introduces students to entrepreneurship and innovation. Students will work in teams of 2-5 to solve a real-world problem and create a mockup of their innovation. Participants will gain exposure to the Conrad Challenge including specialized workshops in business and product design, mentoring from Conrad Challenge ALC members and feedback from expert judges.

Beyond the unique learning experience, students will meet fellow innovators from across the country on our digital forums and during community-building events! **For more information on the Junior Hackathon, please visit our website [here](#).**

No coding experience is necessary to participate so...

Register Today!

WINNING TEAMS RECEIVE:

Each member of the top three winning teams will be awarded the following prizes:

- A [Dell Chromebook 11 3100 2-in-1](#)

- Discount code for the full cost of the Conrad Challenge Round 2 fee (*valued at \$499*)

ALL ATTENDEES RECEIVE:

- Conrad Challenge Junior Hackathon T-shirt and other fun items!
- A discount code for \$250.00 off the Conrad Challenge Round 2 fee
- Conrad Challenge Junior Hackathon Certificate of Completion

We can't wait to see you there! If you have any questions, please reach out to Hackathon@ConradChallenge.org.
